

12 bedroom, 14 bathroom home where supportive services are provided to senior residents who are otherwise independent.

Premier Boarding House

Greystone Crossing provides the means and opportunity to extend the ability of seniors to live independent of fulltime care.

Meals and housekeeping are provided in our home environment within beautiful, safe and comfortable living spaces.

As time progresses, we collaborate with the resident, their family and caregivers to sustain their place in the Greystone Crossing family.

"Evident in our communities is a housing gap for those who can live independent of help, and those whose only lack from complete independence is the ability to cook, do laundry and clean their home. For most, this gap can last years. Keeping a clean, safe home for seniors is our passion and as a hobby caterer, my "need to feed" will literally fuel our residents with good nutrition!" - Kelly

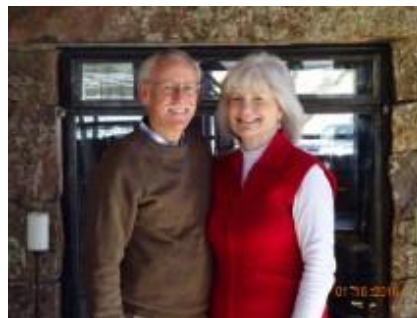

"With lifetime career accomplishments in education, social and home health services, as well as construction, I am particularly engaged in the physical and social needs of the seniors. I purpose to maintain a safe environment, while creating a sense of family and community among the residents." - Matthew
